MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING is made and entered into as of dates set forth herein below, by and between the CITY OF GREEN BAY, WISCONSIN ("Green Bay"), a local governmental unit and political subdivision and body public and corporate of the State of Wisconsin, the GREEN BAY WATER UTILITY, by and through the GREEN BAY WATER COMMISSION, (hereinafter "Green Bay" unless otherwise specifically referenced) and the VILLAGE OF ASHWAUBENON, WISCONSIN, a local governmental unit and political subdivision and body public and corporate of the State of Wisconsin ("Ashwaubenon") and the VILLAGE OF WRIGHTSTOWN, WISCONSIN, a local governmental unit and political subdivision and body public and corporate of the State of Wisconsin ("Wrightstown").

PRELIMINARY RECITALS

WHEREAS, Green Bay is the owner and operator of a municipal waterworks system that treats Lake Michigan water for distribution to its retail customers within the corporate municipal boundaries of the City of Green Bay; and

WHEREAS, Ashwaubenon is the owner of a municipal waterworks system that uses water obtained from Green Bay under and pursuant to the terms and conditions of a Wholesale Water Service Agreement by and between Green Bay and Ashwaubenon of May, 2004 and its subsequent amendments (the "Ashwaubenon Agreement"); and

WHEREAS, Wrightstown is desirous of purchasing potable water from Green Bay at wholesale to satisfy the potable water needs of its customers and to meet safe drinking water standards on a long-term basis; and

WHEREAS, Green Bay is willing to sell potable water to Wrightstown at wholesale subject to the terms and conditions of a Wholesale Water Service Agreement based upon the Ashwaubenon Agreement with additional provisions related to the

contemplated delivery of Green Bay water through, in part, Ashwaubenon waterworks system; and

WHEREAS, the Parties hereto have entered into and are continuing discussions and negotiations as to the terms, conditions, limitations and operational format for the sale, provision and delivery of potable water by and from Green Bay to Wrightstown, through, in part, the Ashwaubenon waterworks system; and

WHEREAS, the Parties hereto are desirous of entering into this Memorandum of Understanding to set forth some, but not all, of the material general terms, conditions, operational formats, rights, duties, responsibilities, obligations and limitations of the Parties hereto in connection with the sale of potable water by Green Bay to Wrightstown, through, in part, the Ashwaubenon waterworks system.

ARTICLE I

PURPOSE AND SCOPE

Section 1.1 <u>Purpose</u>. The purpose of this Memorandum of Understanding is to provide the framework for the continuation of the development of a written wholesale water service agreement between Green Bay and Wrightstown for the sale and delivery of potable water by Green Bay to Wrightstown and for the purchase by Wrightstown of potable water from Green Bay.

Section 1.2 <u>Limitation of Scope</u>. This Memorandum of Understanding is not intended to set forth all of the essential and material terms, conditions of a final written and approved wholesale water service agreement by, between and among the Parties hereto. This Memorandum of Understanding is not intended to be binding upon any Party hereto.

ARTICLE II

PROJECT DESCRIPTION

Section 2.1 <u>Wholesale Water Sale</u>. Green Bay will agree to sell to Wrightstown and Wrightstown will agree to purchase from Green Bay, under the terms, conditions and limitations to be defined in the Agreement, a minimum daily amount of potable water based on a current average daily amount of 200,000 gallons per day.

Section 2.2 <u>Water Delivery and Transmission Facilities</u>. The Parties will work together to develop, design and construct facilities necessary for Green Bay to deliver potable water to Wrightstown through Ashwaubenon via an existing 24 inch transmission pipeline terminating at an elevated storage tank referred to as the "Glory Road Tower" in Ashwaubenon and running to the northwestern municipal boundary of Wrightstown (the "Project"). The potable water delivery and transmission facilities will include metering facilities. Wrightstown will, at its expense, construct and maintain a metering facility at the Glory Road Tower site.

ARTICLE III

CURRENT UNDERSTANDINGS AND CONTINUED NEGOTIATIONS

Section 3.1 <u>Acknowledgement</u>. The Parties acknowledge that they have not yet reached a full agreement for the terms, conditions and limitations for the wholesale sale and transmission of potable water from Green Bay to Wrightstown and that until all

the terms, conditions and limitations have been agreed upon by all Parties hereto there shall be no such agreement.

Section 3.2 <u>Consensus Understandings</u>. On the basis of previous discussions and negotiations at the staff level under the framework of the Project description set forth in <u>Article II</u>, the Parties acknowledge that they have reached a consensus understanding with respect to the following terms, conditions and limitations for the wholesale sale, transmission and delivery of potable water from Green Bay to Wrightstown.

- a. <u>Agreement Framework</u>. That the framework and foundation for any agreement hereunder for the wholesale sale and delivery of potable water from Green Bay to Wrightstown shall be based upon the framework and format of the Ashwaubenon Agreement.
- b. <u>PSC Approval</u>. The Parties acknowledge that any final agreement that they may reach will be subject to final approval by the PSC before service can commence.
- c. <u>Term</u>. That the term of the wholesale water service agreement shall be through December 31, 2030.
- d. <u>Interconnection Facilities</u>. That subject to review and approval by Green Bay, Wrightstown shall design, construct and finance such interconnection facilities as the Parties determine necessary in accordance with prudent utility practices to safely accept, receive, transmit and convey potable water provided by Green Bay from the Ashwaubenon waterworks system to the Wrightstown waterworks system.
- e. Wholesale Water Service Rate. The initial wholesale water service rate for potable water sold to Wrightstown by Green Bay shall be at the initial volume rate of \$1.9187 per thousand gallons or \$1.4352 per 100 cubic feet. In future rate proceedings before the PSC, the wholesale rate would increase or decrease by the same percentage increase or decrease of the lowest rate approved by the PSC for any Green Bay Retail Customer, as set forth on the Green Bay Water Utility's General Service Metered Schedule (MG 1), or any subsequent replacement tariff on file with the PSC. The wholesale water service rate established by Green Bay does not include any interconnection transmission fees, costs, rates or charges (the "Wheeling Rate") that may be imposed by Ashwaubenon for the transmission of Green Bay potable water through a portion of the Ashwaubenon water works system.
- f. <u>PSC Rate Setting</u>. That beginning January 1, 2031, the applicable wholesale water rate in effect for the sale of potable water by Green Bay to Wrightstown shall be set by the PSC under PSC standard rate-making and regulatory principles and procedures.

- g. Wheeling Rate. In addition to the wholesale water service rate payable to Green Bay, Wrightstown shall also be subject to a Wheeling Rate to be determined and set by Ashwaubenon for the receipt and transmission of potable water from Green Bay to be delivered to Wrightstown.
- h. <u>Interruption of Service</u>. Green Bay shall, in emergency or maintenance situations, have the ability to curtail or interrupt service and delivery of water.
- i. <u>Quarterly Billing</u>. Green Bay and Ashwaubenon shall bill Wrightstown on a quarterly basis for their respective service charges.
- j. <u>Prudent Utility Practice</u>. During the term of any agreement between and among the Parties hereto the Parties shall, at all times, own, operate, maintain, repair and replace their respective waterworks systems in a manner consistent with prudent utility practice.
- k. <u>Financial Responsibilities</u>. During the term of any agreement hereunder, Wrightstown will plan and budget for all costs, expenses, fees and charges associated with its wholesale purchase of potable water from Green Bay and its wheeling charges through Ashwaubenon.

Section 3.3 <u>Continued Negotiations</u>. The Parties agree to continue discussions and negotiations through their respective staffs, agents and representatives to address the following matters as well as any such additional matters as my arise during the course of those discussions and negotiations:

- a. <u>Minimum Daily Demand</u>. That Wrightstown's minimum daily potable water demand through December 31, 2030 will be 200,000 gallons per day and that Green Bay can, absent emergency circumstances, meet and supply Wrightstown's maximum daily potable water demands.
- b. <u>Interconnection Facilities</u>. The design and location of the facilities necessary to interconnect the Ashwaubenon waterworks system with the Wrightstown waterworks system, including, but not limited to the metering stations, right-of-way rights and financing costs associated therewith.
- c. <u>Connection Costs</u>. The costs payable by Wrightstown for connecting to the Green Bay waterworks system through the Ashwaubenon waterworks system.
- d. Wheeling Rate. The charges and fees to be payable to Ashwaubenon for its receipt of Green Bay potable water for transmission to Wrightstown's interconnection facilities.

- e. <u>Financing</u>. Financing arrangements for the design, development and construction of Wrightstown's waterworks system interconnection facilities.
- f. <u>Technical Operational Memorandum</u>. The Parties will develop a technical memorandum for the operations of the interconnected waterworks systems.
- g. <u>Agreement Termination</u>. Provisions for winding up the wholesale water service in the event the parties would, in the future, determine to terminate the water service agreement.

ARTICLE IV MISCELLANEOUS PROVISIONS

Section 4.1 <u>Due Diligence</u>. The Parties agree to act expeditiously and with due diligence to carry out and complete their responsibilities in connection with this Project and Agreement.

Section 4.2 <u>Amendments</u>. Any amendments to this Memorandum of Understanding are strictly prohibited unless such amendment is agreed to, in writing, by all Parties hereto. There shall be no oral agreements. Electronic writings, including email messages, text messages, tweets, instant messages and their content and any attachments thereto and any prior or subsequent communications, including oral discussions or negotiations concerning some or all of the proposed project are not intended to represent and do not reflect an offer or acceptance to enter into, amend, modify, revise, terminate, abrogate, extend, or create a binding contract, agreement or transaction, and are not intended to and do not in any way bind any Party to this Memorandum.

Section 4.3 <u>Binding Agreement</u>. There shall be no binding agreement by, between or among any Party hereto unless and until all Parties hereto first enter into a written document entitled "WHOLESALE WATER SERVICE AGREEMENT by and between the CITY OF GREEN BAY and the VILLAGE OF WRIGHTSTOWN" after having obtained formal approval thereof by their respective governing bodies, being the Green Bay Water Commission for the Green Bay Water Utility, the Green Bay City Council for the City of Green Bay, the Ashwaubenon Village Board for the Village of Ashwaubenon; the Wrightstown Village Board for the Village of Wrightstown; and, the Wisconsin Public Service Commission.

IN WITNESS WHEREOF, the parties hereto have by their duly authorized officers and representatives set their hands and affixed their seals on the date set forth below their name.
